

MY PROMISE TO YOU

Choosing the right home inspector can be difficult. Unlike most professionals, you probably will not meet me until the day of the inspection. Furthermore, different inspectors have varying qualifications, equipment, experience, reporting methods, and yes, different pricing. One thing for sure is that a home inspection requires a lot of work, time and effort. Ultimately, a thorough inspection depends heavily on the individual inspectors own effort. If you honor me by permitting me to inspect your new home, I guarantee that I will give you my very best effort. This I promise you.
